Synopsis

The best college writers succeed because they practice writing, reading, thinking, and researching on a regular basis. Diana Hacker personally class-tested her handbooks with nearly four thousand students over

thirty-five years at Prince George's Community College in Maryland, where she was a member of the English faculty. Hacker handbooks, built on innovation and on a keen understanding of the challenges facing student writers, are the most widely adopted in America. Hacker handbooks, all published by Bedford/St. Martin's, include *The Bedford Handbook*, Tenth Edition (2017); *A Writer's Reference*, Eighth Edition (2015); *Rules for Writers*, Eighth Edition (2016); *A Pocket Style Manual*, Seventh Edition (2015); and *Writer's Help 2.0*, Hacker Version. Nancy Sommers, who has taught composition and directed composition programs for thirty years, now teaches in Harvard's Graduate School of Education. She led Harvard's Expository Writing Program for twenty years, directing the first-year writing program and establishing Harvard's WAC program. A two-time Braddock Award winner, Sommers is well known for her research and publications on student writing. Her articles *Revision Strategies of Student and Experienced Writers* and *Responding to Student Writing* are two of the most widely read and anthologized articles in the field of composition. Recently she has been exploring different audiences through blogging and through publishing in popular media. Sommers is the lead author on Hacker handbooks, all published by Bedford/St. Martin's, and is coauthor of *Fields of Reading*, Tenth Edition (2013). "

Best price for high school textbooks and required material. Has the best prices on new textbooks for high school students. The Bedford Handbook is much smaller than textbook size and looks more like a thick handheld novel. This came with other required reading material and was packaged in a book box without damage.

Very expensive, but also none better for writing papers, reading and note taking efficiently, etc. I can't get the e-links to work, I believe they are a relic from the paper text. It's great to have the kindle version. I've always wanted the Bedford, and now it's mine! Mua haha!

This handbook is the best one I've seen. It is easy to use and it doesn't seem like it is written for English professors; it is for students and teachers alike. Mine was purchased in "good" used status and it is basically brand new. I love it!!

Great for my lecture!

I loved it! but, I did return the book in. So, why am I being charged

It was as described and arrived as promised.

I use this as a guide for my English writing classes, and it has been worth its weight in gold for both my lessons and the students' reference guide.

The MLA and APA citation sections of this book are helpful. The rest, not as much. But it was worth the cost to rent it for my first college class.
