HARDCOVER

We LOVE this book. It has great pictures and just enough info without being too overwhelming. My 2 year old looks through it all the time and we talk about basics, but it can easily grow with your child. He also loves that the Winnie the Pooh characters are present throughout the book. I think that keeps him engaged even more.

Very well loved book, great condition and beautifully made. my son loves it!!!

My son's favorite, in great condition and beautifully made. very pleased

Has kept the kids entertained on trips and while out at restaurants.

Every kid should have this.

Love this book

This book came with some damage and tears, which was to be expected with the rating it had on the purchase page. Still would have liked to see it with one rating lower, since for some reason all of the pages numbers were cut off.

My 4 year old daughter loves this book, she carried it every where to read it. Unfortunately, our Great Dane ate it :(
