Customer Reviews

My friends and I have been planning to go to Las Vegas for quite a while now. This book just made me finalize that decision. There are concise descriptions of the places and destinations plus links to suggested hotels, establishments, and other places of interest. It is one of those books that I will bring on my device since it will be easier for me to find extra information through wifi when needed. The cool facts towards the end of the book is also a must-read. The extra knowledge about the place and culture really helps a first-time tourist get around in Las Vegas.

I have always been curious on what Las Vegas is all about but with the help of this book I have learned a lot and I am excited to go to Las Vegas myself! There is a lot of helpful information like the tourist attraction, the awesome hotels and resort. There are also advices on what to do and where to go when you are in this place. There are a lot of pointers and this book is very helpful for those who want to go to Las Vegas and wants to have an idea first. This is definitely a great read for me.

So many of the tips are inaccurate. Didn't think it was well thought out or well researched. Anyone who has been to the city more than once would have better suggestions and tips. Waste of time and money.

I bought this book for my wife before her annual Vegas trip with her friends. Even though she has been to Vegas on multiple occasions, she was still able to pull a ton of valuable information from this book. Great tips and advice to take full advantage of Las Vegas. We both recommend this book to anyone looking to have a good time in sin city.

Not worth the price- very little info & very very short

Short, sweet and to the point. I don't mind paying \$3 for information that I don't have to spend hours looking up myself. I also like eBooks with website references, she did a good job of that. She could have maybe elaborated on inexpensive buffets and entertainment but overall, this book was worth the money. Thanks.

Very informative book-very detailed. Has a lot of great info on where to go, shopping tips, how to get around, budgeting tips, etc. A must have if you are traveling to the "Sin City."

This book was very helpful.
