Bunny Yeagers Pin Up Girls Of The 1960s

Synopsis

Famed photographer Bunny Yeager presents the latest retrospective of her own work, revisiting the spirited, fun-loving women of the flower-power decade. More than 230 color-packed images present 80 beautiful women, captured in the 1960s in a multitude of exciting locations, from natural surroundings with wild animals, to professional studio shots. Here are the pin-up girls who hung in school lockers, on garage walls, and in the hearts of men around the world. Each woman exhibits her own style and intrigue, along with the aura and fashions of the '60s era.

Customer Reviews

Bunny Yeager was a model and beauty queen before forging her role as a glamor photographer in the late 1940s. Her work was featured in many publications worldwide, including "Playboy." She continues to photograph the female form from her home in Florida.

This book is my first introduction into Bunny Yeager's photography. As a photographer myself, I've always been interested in this classic style of photography as well as the fashion and overall look of the sixties. I searched all over for reviews of this book but couldn't find any so I decided to take a leap of faith and buy it. I am glad I did. What this book offers is a glimpse into a type of classic photography created during a time before ultra thin, airbrushed models. It is loaded with vibrant color images of mostly topless models in various creative poses. I am happy to add this to my collection of photography books and am already looking forward to collecting more books by Bunny

Yeager. If you have even the slightest interest in sixties glamour photography you owe it to yourself to check this book out.

Bunny Yeager is a name appropriately associated with female glamor photography. Her photographs show a wholesome beauty in a more innocent era - or at least a perceived to be. Four stars only because there are not enough photographs.

Great book, fast shipping. Thanks!

This book was pretty disappointing, I am sorry to say... The cover photo of Ursula Andres is superb and promises more of the same, but nothing else ever gets close. The girls are all natural, which is nice, and a few are kinda cute, but there are no stand-outs. Some are pretty seedy, actually. It's all very 60's in terms of decor and style, but I have to say I found the furniture and wall-hangings more enticing than many of the girls. If you think you are getting Playboy quality models, slap yourself a few times and wake up. If I saw this in a store I would not have bought it, especially for what I paid. Not a winner.
