The Royal Diaries: Marie Antoinette, Princess Of Versailles, Austria-France, 1769 (The Royal Diaries)

Synopsis

Maria Antonia of Vienna has her whole life mapped out ahead of her. She is to marry Dauphin Louis Auguste, eldest grandson of King Louis XV. As his wife, she will be called Marie Antoinette, and will be the highest princess of France. Upon the death of the King, she will become Queen Marie Antoinette. But she dreads both new roles. I am just thirteen...I am not yet ready to be a dauphine, let alone Queen, she writes

Product Dimensions: 7.8 x 5.5 x 0.8 inches

Shipping Weight: 11.4 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 136 customer reviews

Best Sellers Rank: #382,703 in Books (See Top 100 in Books) #31 in [Books > Children's Books > Biographies > European](#) #263 in [Books > Children's Books > Literature & Fiction > Historical Fiction > Europe](#) #540 in [Books > Children's Books > Geography & Cultures > Royalty](#)

Age Range: 9 - 12 years

Grade Level: 4 - 7

Customer Reviews

"I look up now into the oval mirror and see barely a trace of the mud-splattered girl tearing through the woodland on her horse, or the barefoot girl wading at Schonbrunn... I have become what Mama set out for me to be. Majestic. A Dauphine and eventually a Queen." So writes the headstrong 13-year-old Maria Antonia--future Queen of France--in her diary on October 23, 1769. In this engrossing addition to the Royal Diaries series (Elizabeth I: Red Rose of the House of Tudor, Cleopatra VII: Daughter of the Nile), Kathryn Lasky invents a diary of the young Marie Antoinette in 1769--the year she is to be married off to Dauphin Louis Auguste, eldest grandson of the French king Louis XV. Arranged marriages were common in that day and age--as the Empress Theresa (of

the Holy Roman Empire of the Germanic Nations) sought to consolidate power among nations by marrying off her children. Thus, the future of Austria and France falls upon Maria Antonia's young shoulders. To prepare her for this awesome responsibility, she must be trained to write, read, speak French, dress, act... even breathe. Things get even more grim as she is shipped off to the court of Versailles and introduced to her puffy, awkward future husband and confronted with the court's ridiculous customs. Marie--an opinionated and insightful young woman--mocks the court of "impeccable etiquette and manners" that makes up nasty rhymes about those they hate, but panics when her hair is mussed. Lasky has done an excellent job of creating a very human character in the young Marie Antoinette--one whom young readers will want to learn more about. Fortunately, her story is given plenty of context with an epilogue describing the history of the young Queen after 1769, a historical note offering an 18th-century context, a Habsburg-Bourbon family tree, and various portraits of the royal family. (Ages 9 to 13) --Karin Snelson

Grade 5-8-Lasky takes historical fact and weaves it into a sympathetic account of an adolescent Marie Antoinette. Antonia's diary begins shortly before her politically arranged betrothal and marriage to Louis Auguste, Dauphin of France. It describes her struggles with strange new customs, in particular the elaborate French Court etiquette. The descriptions of Versailles and palace life hold true to fact and fit well into the diary of the Dauphine experiencing her new country. The diary also does a believable job of taking Marie Antoinette from a girl of 13 to a young woman of 15. Antonia goes from playing childhood games to become Marie Antoinette, future queen, playing political games with Madame du Barry. At the conclusion of the novel, an epilogue continues the story to its historical completion. Notes and a family tree are useful for readers who know little of 18th-century royalty and politics. This will be a popular addition for readers who favor the diary format in historical fiction. An excellent companion to this series is Milton Meltzer's *Ten Queens* (Dutton, 1998). Carolyn Janssen, Rockford Public Library, IL Copyright 2000 Reed Business Information, Inc.

I bought this book for my nieces. My mom grew up with these books and in her stead I ordered this entire set. These stories are all about women roll models and strong women through history. I would definitely recommend the stories. As for the condition of the book was not in the greatest condition. It had obviously been loved and most likely in a child's library. All in all these are great stories and I would definitely recommend them!!!!

I purchased this book for my 10 year old granddaughter who is, currently very interested in the

female crown heads of Europe. She thoroughly enjoyed it. She felt it was well written and added tremendously to her knowledge base about this very interesting woman who died early.

it was perfect.

I believe this will be a fascinating intro to a part of French history for our avid 11-year-old reader

Great book

Good read

I read this book while in high school and loved it, I re-read it and bought it for my daughter, i hope she loves it too! This is an easy read about French royalty and it's a must read for every girl that dreams about Kings, Queens and all things royalty.

Good book. Tells of her early years and what she endured. She writes where you can understand what is going thru her mind.
