Great, does bleed some but I loved it anyways

I liked the size of this journal. It is a great size for bullet journaling, but beware the pages are thin and most of the pens I have tried didn't bleed through but could easily have been seen through the pages. It was fine if you stick with one side of the page for your writing, but if you want to use the full journal - it could be frustrating.

works great, good paper thickness. love the flexibility of dots instead of lines

I ordered this to use as a bullet journal, and I am unhappy with how flimsy the cover is. It's thinner than the cover on a paperback novel. I'm concerned it will not hold up for a year. I'm going to try to reinforce it with tape. The pros are that it's cute and has a dot grid. It's small, but not tiny.

Great journal. Good size, lies fairly flat. My only complaint is that it's specifically advertised as having thick paper but I still have trouble using both sides of a single sheet. There's minimal actual bleeding through, but the ink is still too visible on the other side.

I really like this journal.Lots of pages!! My pens didn't bleed through the paper, I'm using Microns, Luxor Stripens and Huhuhero fineliners.The only reason I subtracted a star is because the cover is weak at the crease. As I've opened it over and over the inner crease/fold is starting to tear; I've only had it for 2 weeks. But for the price, I can't really complain.

Absolutely beautiful!!!! A little bigger than your average journal but I love it! The cover is gorgeous and I love that is has the signature bullet journal dotted design.

Quite flimsy and the label for the product is printed on the front and can't be removed. Arrived a little bent on the corners.
