Hooray For Fly Guy! (Fly Guy #6)

Synopsis

Children will laugh out loud at the story and pictures in this sixth book in the easy-to-read Fly Guy series!"Flies can't play football," says the coach. But Fly Guy and Buzz are determined to prove him wrong. New readers will experience both pride and delight as they read the simple text and look at the funny pictures of Fly Guy trying to kick a football, go out for a pass, and tackle his friend Buzz. In the end Fly Guy scores and gets to do his hilarious touchdown dance.Hooray for Fly Guy!

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

Kindergarten-Grade 2
It's football season, and Buzz's team, the Go-Getters, needs one more player. Fly Guy, Buzz's pet fly, tries out but cannot kick the ball, catch a pass, or tackle. The coach fills the spot and, at the big game, the Go-Getters score; then their opponents score again and again. With only one second left and the new player hurt, Fly Guy is sent onto the field. He and Buzz put their secret plan into action, which involves the nose of the opposing team's quarterback. The pencil and watercolor cartoon illustrations feature exaggerated eyes and great expressions. This easy reader is chock-full of humor.

When Buzz's football team is short one player before the big game, he offers his loyal pet, Fly Guy. Coach can't hide his guffaws as the plucky insect tries out, attempting (and failing) to kick the ball, catch it, and tackle a player. Still, Fly Guy wins a seat on the bench, and Buzz makes him a tiny helmet. Together they plan a secret play and a touchdown dance, just in case. The football theme, simple vocabulary, and comical pictures will encourage many beginning readers to give this amusing book a try. Arnold's cartoon-style drawings and squiggly-line shading make the artwork expressive as well as energetic. From the series that began with Geisel Honor title Hi! Fly Guy (2005), this will please beginning readers as well as their younger siblings. Preschool-Grade 1. --Carolyn Phelan

A+

My 6 year old son who is in the beginning stages of reading loves these books. Its really hard to get him to read books, but for some reason he gives no resistance if hes reading the fly guy books. This one is kid tested and the reason for the 5 stars.

my grandson loves all of the Fly Guy books. We read them often.

The Fly Guy series of books are fun to read with young readers (with enough sly references for adults to enjoy). The illustrations are amusing, the story lines are engaging and they really help capture the interest of children. Particularly useful for children who are not especially interested in reading. My almost 5 year old grandson is not a "book" child and he loves them - hence my purchase of 3 more for his upcoming birthday!

I love the fly guy series. However, I did not like this particular book. It was about how Buzz and Fly Guy win a football game by Fly Guy messing up the players on the other team -it seemed like cheating to me and therefore this is not a book I recommend.

These were the books he liked checking out at the library. A little goofy and gross but elementary boys really like that type of book.

Tedd Arnold books are great for any fun loving boy (or girl, for that matter). The humor that Tedd

Arnold incorporates in his books makes not only a 6 year old boy laugh but also the adult reading it with him. I never walk away from reading his stories in a grumpy spirit. The illustrations are wonderful and make the books even more exciting!

my grandson is 5 he read all of these books in one afternoon that is how much he enjoyed them.
