Synopsis

Majority of tourists visiting Naples has an idea of Amalfi coast in general, Naples as beautiful romantic city and excavations of Pompeii together with Vesuvius. It is important to mention that Naples as a city doesn't offer so much for its visitors that couldn't be covered in 1 day. More interesting and more important sights are around Naples. Island Capri is a beautiful escape, to reach the top of Mount Vesuvius, or visit excavations of Herculaneum and Pompeii is an extraordinary experience. Because of that in this book are given together with Naples other tips and directions on how to get to Island Capri, Sorrento, excavations of Pompeii and Herculaneum as well as how and from where to reach the top of volcano Vesuvius. Naples in 1 Day is more than a guide. This is your adviser, tourist guide and all-in-one information when, where and what to do in Naples in 1 Day. Naples in 1 Day gives the best possible route to visit Naples in as little as 6 hours. This book has tips on how to save your money, where to walk and which sights are the best to visit. Using all possible resources with our logo "We Were There for You" this book is full of information that no other guides will give and no other buys are needed. While other travel guides struggle with finding the sights and giving the appropriate travel tips, this guide will take you to Naples from the airport or railway station. We are going to walk together from The Railway Station to the Duomo, National Archeological Museum and in order to visit Castel Sant'Elmo we will use one of historic funiculars. There are exact maps, charts and opening times, explanations and highlights for: Railway Station Napoli Centrale, Duomo, Museo Archeologico Nazionale, National Archaeological Museum of Naples, Funicolare di Montesanto, The Montesanto Funicular, Castel Sant'Elmo, Certosa di San Marino, Piazza Plebiscito, Palazzo Reale, The Royal Palace, Galleria Umberto I, Castel Nuovo, The New Castle. With added link on the end of the book you can download and print your own PDF brochure which will make your visit even more successful.

Customer Reviews

That one could not get from something as common as Wikipedia. Just about nothing on Herculaneum. The author's English leaves a lot to be desired. I am happy I only paid \$3.60 for it but even so did not get my money's worth!!

This book has tips on how to save your money where to walk and which sights are the best to visit. Naples in one day gives the best possible route to visit Naples in as little as 6 to 8 hours. This book is full of information that no other guides will give you.

It has a very practical approach. It is a good source of information. Traveling with the Kindle, I can refer to it at any time. I recommend it to those who do not have much time to read .
