I have learn many thing about Epsom salt through this book. This book will help you learn more about its benefits to our health. You also learn how how this salt can heal your eczema, Gout problems, lose weight and many more. At first I have doubt that it could help me but after trying stuff i have learn from the book i believe it works. It is magical natural alternative that does work.

I have heard a lot about the magic features of Epsom salt. And decided to learn how to use it on my own. And this guide was of much help for me, offering some theory on the benefits of using Epsom salt and then some really cool recipes, especially the ones for relaxation!

Excellent book! This book was surprisingly interesting, It is well written and has a great tone to it. I love Epsom salt and always use it in tub soaks so it was really fantastic to Lear about other uses. I have learned many uses of Epsom salt with the help of this book. Highly recommended.

This book was a great read. I didn't know about this salt before and I'm very happy I do now. This mineral has helped me lose those extra pounds I used to carry with me and got me ready for summer. Definitely reccomend.

Even at 99¢, this book is overpriced. It stretches out 2 minutes worth of information into 15 and charges you for the privilege of wasting your time.

I wanted some information about Epsom salt and its health benefits, so I decided to get this book. It has been a great introduction to the topic and I've already starting implementing some of the tips in to my life

good info for anyone to read

Epsom salt can be used for so many things. I never heard of the usage of Epsom salt and this book surprised me beyond belief. Now, we always have a box of Epsom somewhere in a cabinet.
