Rebellion: Age Of Magic - A Kurtherian Gambit Series (The Rise Of Magic Book 3)

Synopsis

When you sow tyranny, you better be prepared to reap the rebellion. Hannah and Ezekiel dig deeper into the corruption of the Noble Quarter, and the sick truth of Adrien's master plan becomes clear. They need to call upon the diverse group of those loyal to the cause in order to stop the Chancellor's reign of terror--before any more innocents die by his hand. Meanwhile, Karl and Parker enlist a powerful ally to help them battle against the Prophet's lies, and Gregory prepares for something far more dangerous than battle--a formal ball at his parent's house. Sometimes, rebels have all the fun. Rebellion shows the heroes of Irth in action as they struggle against tyranny and work to put evil back in the box. Hannah and her friends must learn the power of teamwork in order to prevent the perils of unchecked ambition.

I was NOT expecting that ending!! Now I can't wait for the next book! Personally I have no problem

with this series jiving with the rest of the Kurtherian universe. The Founder constantly talks about using the etheric to power magic and it makes sense. But that's me. Love this whole universe and can't wait for more!!

You perhaps can take the girl out of the slums but you can't take the slums out of the girl ... but why would you! I had a wonderful time leading up to the big crescendo in the final installment. As a reminder, you do not have to read the dozens of previous Kurtherian stories to understand these stories. It might be a richer experience, but the pertinent history is discussed as we progress through her plight. As far as the Rise of Magic Series goes, four books comes to a satisfactory conclusion with promise of many more adventures to come.

Things are heating up, literally!! Hannah dances, go figure!! The plan is in play but as with all plans things change. Gregory decides he knows how to stop the monster and gets himself in all kinds of trouble!! Hannah comes to his rescue but he rescues her in the end. I can't wait for the one!!!

Every time the fighting starts, things get messy and nothing ever winds up like you think it's gonna... the fight is on... A revolution is in full brew... the team gets better and better and is finally starting to work like a team... a new plan to take out an old foe is what's needed here... I imagine that one will develop... all in all it's a good read with a few surprises tossed in... well worth the time...

This is the classic good verses evil. This series is so well written you can visualize the world they are in and feel like you are with the characters as they Grow and learn about their world. This is a series that you should read from book one, that way you know what is going on. You won't be disappointed with this series. Great Reading Everyone!

A Fabulous Magically Powered Slam Bang Action Tale. Don't let the cover fool you. This volume stands very well on its own but you'll get much more out of it if you start with volume 1. I rarely give five stars but this was that enjoyable for me. WELL DONE!

I have really enjoyed the rise of magic series. It does not seem to match up with the rest of the Kurthlerian Gambit series except in vague way. It is fun to see Hanna grow up in both maturity and magic. Can't wait to see what happens next. What is Sal going to become. Will Parker and Hanna become a couple.

These books are amazing, really bring "Irth" to life. As I read them I find myself transported into the age of magic's realm. Seriously, if you haven't started these books, you need to. This entire universe is amazing, and all the authors in are as well.
