Bar none ---- THE BEST legal thesaurus on the planet. I have an old copy I've had for 25 years. It is falling apart with pages falling out at the binding because I use it so much. It was time to get a new one - it's bigger and better! Truly a MUST HAVE for any legal writer.

What every lawyer needs. Why use one word when 30 synonyms will do? Don't be caught, uh, you know, what's that word...oh rats, it's right on the tip of my tongue. If only I had a book that could tell me every alternate word for the one I can't or won't use. THIS IS IT!

I bought a new shelf and bookends just so I could move it within arm's reach onto my desk. I wish I'd known this existed years ago. Also wish a hardcover had been available, but the somewhat unwieldy paperback remains indispensable.

Just received my copy and it has already to be worth more than I paid for it. Solved a problem with the choice of a word that had stumped me for weeks in an article I am writing.

Really a wonderful and complete legal resource

Better idea resource than Black's. RK

it is so going to come in handy as I continue my studies in the legal fields! So, so happy!

VERY INFORMATIVE
