Lush piano solos from Brickman's third hit album. Titles are: Coming Home * Dream Come True * Edgewater * First Steps * Frere Jacques * Hero's Dream * Picture This * Secret Love * Sound of Your Voice * Sun, Moon & Stars * Sweet Dreams * Valentine * You Never Know.

I've loved Jim's music for years and this sheet music does a really good job of letting me play just like the CD.

Jim Brickman's music is lovely! He's brilliant !

This book is exactly what Jim Brickman plays on the CD (minus the cello and saxophone parts). If you are looking to play the songs on the Picture This album, this is the book to get!

Perfect!

I am not proficient AT ALL when it comes to piano but I found this book to be somewhat straightforward and more of an *easy* play. Even with my limited knowledge of the instrument, Jim Brickman's musica can make you sound like you know what you're doing. He has chords written above the lines too so if you're a left handed chord player (like me) you can get by!

When it come to Jim Brickman this is the pinnacle of his achievements! By far the best book of his yet with excellent piano pieces espescially Valentine, Secret Love, and the bonus: "Hero's Dream."His style of composing is very fluid, simple and yet challenging in this book. A treat for any pianist who is looking for new sounds to lose themself in.

Have you ever bought a music book and found that the music isn't the rendition the artist plays in his concerts or recordings? The renditions in this book are exactly what Mr. Brickman is playing in his CD with the exception of the solo vocal ("Valentine") sung by Martina McBride. If you like the album and you love to play piano, you'll be glad you bought this book

Beautiful music. Not my first Jim Brickman CD. I REALLY enjoy his music.
