Ayelet H. Danto, MS, OTR/L, is an occupational therapist who has worked in various school settings with a broad range of diagnoses. She received her bachelor's degree in psychology from Yeshiva University Stern College for Women and a master's degree in occupational therapy from Columbia University. She currently resides in Passaic, New Jersey with her husband and children.
Michelle Pruzansky, MS, OTR/L, is a pediatric occupational therapist specializing in the treatment of children with autistic spectrum disorders. Michelle received her bachelor's degree from Yeshiva University Stern College for Women and her master's degree in occupational therapy from Columbia University. Michelle currently lives in Bergenfield, NJ with her husband and children. She is the head therapist and clinical coordinator at school #19 in Passaic, NJ, and also works at the Department of Children and Families, Passaic Regional School.

This book have been very helpful in my fieldwork experience as an occupational therapy student!

Very helpful book for OTs and OTAs! I have been a therapist for many years but appreciate the new treatment ideas!

Though I will love it to be coloured, but this books is very clear with many pictoral interventions and clear goals of intervention.

Love it!! Wonderful resource for therapists and OT/PT students. Would definitely recommend!
