Everything Under The Sun

Synopsis

Thais Fenwick was eleven-years-old when civilization fell, devastated by a virus that killed off the majority of the world's population. For seven years, Thais and her family lived in a community of survivors deep in the heart of the Appalachian Mountains. But when her town is attacked by raiders, she and her blind sister are taken away to the East-Central Territory where she is destined to live the cruel and unjust kind of life her late mother warned her about. Atticus Hunt is a troubled soldier in Lexington City who has spent the past seven years trying to conform to the vicious nature of men in a post-apocalyptic society. He knows that in order to survive, he must abandon his morals and his conscience and become like those he is surrounded by. But when he meets Thais, morals and conscience win out over conformity, and he risks his rank and his life to help her. They escape the city and set out together on a long and perilous journey to find safety in Shreveport, Louisiana. Struggling to survive in a world without electricity, food, shelter, and clean water, Atticus and Thais shed their fear of growing too close, and they fall hopelessly in love. But can love survive in such dark times, or is it fated to die with them?

I can not even begin to put into words how amazing this book was but omg I can NOT believe that ending I'm dying why oh why!! So this book is like nothing I have ever read but it's everything it runs a little slow but in away that is needed and so appreciated every word and of interaction has meaning more than you will know I thought this book would be a stand alone but as kept getting closer the 100% mark I was completely thrown off because there was no way at all the book could be ending and now I'm just so ugh that I can't even because the next book isn't even on here so I can least add to tbr list ugh ok rambling... Anyways this is story so unique there are so many hear pounding breath stealing moments I can't even begin to explain and it's a love story that will stick to you for some time to come it's beautiful it's raw and it's ugly but beyond that it will steal a piece of you and leave you definitely needing more completely epic and I can't wait for the next book I need it NOW!!!

This book was everything I needed after a long time away from this genre. Going into this book, I did not think it is not a standalone, so at the end I was like WHAT THIS CANNOT BE THE END! And it wasn't... fortunately. I loved this part and I am waiting for the sequel (VERY impatiently). It is the third book by this author that I have read and I loved all of them. I am sure the sequel will be equally wonderful! I just knew we at least knew the year of the release! But well... I will wait even ten years for it- please let it not be that long! All in all, this is a wonderful and emotional book!

Another amazing book by Jessica Redmerski. Loved it. Cant wait for the sequel!
