## Synopsis

HAVE YOU LOVED -- AND LOST -- SOMEONE ACROSS TIME? In Brian Weiss's bestseller *Many Lives, Many Masters*, nearly one and a half million readers met Catherine. In a hypnotic trance, Dr. Weiss's young patient summoned memories of many past lifetimes, demonstrated an astonishing ability to transmit transcendental messages, and turned the life of a respectable psychiatrist upside down. CAN YOU FIND YOUR SOULMATE AGAIN? Now Dr. Weiss takes his research one breathtaking step further. He portrays two strangers, Elizabeth and Pedro, who are unaware that they have been lovers throughout the long centuries -- until fate brings them together again. ## Customer Reviews

Weiss is the psychiatrist whose best-seller, *Many Lives, Many Masters* (1988), chronicled the life (and past lives) of one of his patients. Since his breakthrough with Catherine, the hypnotized patient who was able to transmit messages from the beyond as well as recall former lifetimes, Weiss has continued his past-life therapies. Here he threads bits and pieces of what he has learned into the story of Elizabeth and Pedro, two patients who, unbeknownst to Weiss, have lost each other across lifetimes and now have another chance to reconnect. Although the stories of Elizabeth and Pedro form the book's centerpiece, they will probably be the least interesting, at least to the New Age audience, who has heard it all before. Weiss is better when he's explaining the philosophy that incorporates past lives into a therapeutic setting. This isn't the best book on the subject, but *Many*

Lives, Many Masters sold more than a million copies, and Weiss' name, as well as an extensive marketing campaign, is likely to generate demand. Ilene Cooper --This text refers to an out of print or unavailable edition of this title.

A fascinating story that will open your mind. Explore the mystery, wisdom and wonder of life and love. \* (Bernie Siegel MD, Author of Life, Medicine and Miracles) \* A gripping love story that transcends time... this book makes you truly believe that we all really do have soulmates, and that "only love is real". \* (Raymond Moody MD, Author of Life After Death) \* --This text refers to an out of print or unavailable edition of this title.

Dr. Weiss has pioneered the Past Life Regression therapy movement and I buy all of his books. This one is as fundamental and inspiring as the others.

After being married 47 years, my wife thinks we are soul mates. I think it's just because I am understanding. I've died twice and came back a smarter person. Yes, there really is an afterlife, and this earthly place is purgatory.

Brian Weiss took my fear of dying away. He is not about the dirt nap. Dr. Weiss guides the thought that we may come and go but it is our choice to work on aspects of being better by the possibility of returning to evolve ourselves as we go or have gone! Good to keep an open mind and be aware of things that may have been before. Certainly love is the great connection. His books are a good read. They elevate the human condition of being temporary and opens possibilities. His books made me appreciate this ride we call life much fuller. This book is my favorite of his. Such an amazing book! I've read it twice! I love it so much!

I love anything written by Dr. Weiss - he's so credible with advanced education and the fact that he wasn't a believer before Catherine - that's what got me hooked. After reading this book, I was so calmed by the stories. One of the girl's night out, I mentioned it to a friend and she had to read it - she's another one that couldn't put it down!!!!!! Onto "Messages From the Masters"!!!!!!

I bought the book for someone else but they seem to be enjoying it! Fast delivery, excellent price!

Amazing read!

This book is about past life regression. In the theory of reincarnation, we are destined to meet the same people over and over in our different lives. Those individuals are called "soul companions". I would like to be regressed to see if there is a life before this one.
