Grade Level: Preschool and up

## **Customer Reviews**

Mike Jolley has been working in children's publishing as a designer and art director for almost twenty years. He lives in the United Kingdom. Mique Moriuchi grew up in London, although her most memorable childhood years were spent in Japan. She currently resides in the United Kingdom.

We will read this book occasionally as part of our nighttime routine, but it has never become a favorite. It rhymes, but sometimes awkwardly, and the drawings are not as engaging or cute as other books. There are large decorated borders around the illustrations, which for my young son (1 year old) is not as engaging as simple larger pictures. It is a sweet message which as my child gets older I will appropriate.

This book has become one of my daughters favorite books and is in our nightly rotation. She enjoys turning the pages and looking at pictures. Has a nice theme of the night becoming a friend and that it is a good thing.

I bought this book when I had my first child and I read it to her every single night. I am now doing the same with my second. Its so beautifully written, without the typical child-like writing, but also without sounding too "grown up". I love the message that it sends about night being a time for peaceful rest, the moon and stars being your friends to keep you safe, and that mom is just steps away if you need me. The illustration is soft and beautiful. Love love love this book, always give it as a gift now at baby showers and I know this will be one that makes me cherish the memories of reading it to my little ones.

My favorite night time book. I love reading this to my sons. Also my go to book for baby showers.

Disclaimer: I am a Creative Director, so I tend to be hyper-critical of book illustrations. That said, I truly loved this everything about this one.

**PROS:** Sweet, tender story that calms any nighttime worries by letting your child know that Mommy or Daddy is only steps away.

Paints darkness and night time noises in a very creative way (e.g. "The darkness is a blanket that helps the earth to sleep")

Beautiful, fanciful illustrations

Cadence of the story makes it a very smooth read

Very durable board pages that can stand up to repeated reads by a toddler

Perfect size for little hands

**CONS:** I didn't buy it sooner :)

I bought this book for my grandson as his first copy is wearing out from use. But, this copy is the updated version and is a bit different from the one he currently uses. It still is a nice book, but the wording is different. I was a bit surprised at this, but he still likes it and it is his favorite book. I love the board pages as they do not wear out like his other books and the pages cannot be torn or bent. A great little book for a little one!!

I love this book. The pictures are so sweet and charming. The slow cadence of the book is soothing. I read this to my son during the day because I enjoy it, but it is definitely a great book to read at night time.

I can't speak for if my baby likes it, he hasn't yet shown preference to any one of his books but I do! I enjoy reading it to him, it has a good flow and sweet message and the pictures are what I was looking for: dreamy, dark, interesting and unique.
