Culinaria Hungary: A Celebration Of Food And Tradition

Synopsis

Salami, goulash, marmalade-filled crepes and many other specialties: this is the best of Hungarian cuisine! From hearty casseroles, meat dishes and sweet baked goods all the way to its most exquisite culinary pleasures, Hungarian cooking offers a wealth of possibilities. The richness of the country's culinary palette is no accident: the East and the West are melded in many typical Hungarian recipes that inspire gourmets to wax enthusiastic about the wonders of Hungarian cuisine. This volume is far more than just a cookbook, however. Commentaries describe the tradition of Hungarian wine culture, introduce Tokaj, the king of Hungarian wines, and relate the "fiery" history of the pepper. The texts range across the wide plains of the puszta, the cosmopolitan Danubian metropolis Budapest, and the Hungarian landscape with its sandy plains, mountains and wild, romantic forests. Colorful pictures invite readers to participate in a peasant wedding as well as Easter and Christmas feasts and to try the refined recipes.

Customer Reviews

Born in Budapest, Anikó Gergely is the author of numerous articles and publications on culinary themes. She is one of the leading experts on Hungarian cooking.

Just okay. Good broad overview of the country and the food from all regions of Hungary. I have the book on Germany that belongs to same Culinaria series and I thought this book would be the same. It's not. Kind of different. Not as many recipes. So if you want to read more about Hungary and its

food, buy this book. If you want to learn to cook Hungarian food the right way, it's not very useful.

A excellent cookbook of Hungarian recipes. Is full of information about the country of Hungary, it's people, traditions and cuisine. Is very interesting reading and contains delicious main dishes and deserts. Liked it so well I had bought a second one for a family member as a gift.

Great book - I have to loose the weight I put on in Hungary before I make anything out of it, but none the less I am thrilled with all the information it contains over the recipes, especially on holidays, traditions and so much more!

I really enjoyed learning about the food culture of Hungary, where one of my grandmothers was born. The book has a good balance of explanatory text, pictures, and recipes. This is my second copy of the book, one for me and one for my father.

Beautiful book with so much more than recipes. The information on the country and history of the foods is very interesting and the pictures are beautiful.

This was for a gift. This book was given to my by a Hungarian in Hungry. So it comes with high ratings. It is full of great information.

Excellent book.

Missing a couple of my favourite dishes by my Hungarian wife but overall an excellent source of Hungarian food dishes!
