Customer Reviews

My husband had heart surgery and was put on a very strict diet. I bought the air fryer to see if I could put some variety in his diet. It works fantastically on things like frozen fish sticks, tator tots, crispy crowns, etc. I can NOT cook fish, so I had to try it to see what would happen. I used tilapia with only salt and pepper - I thought it was great and was thrilled to death that I finally cooked edible fish! My husband thought it was slimy because he is used to a coating. I tried different coatings, and finally got results that he would eat using panko breadcrumbs (I crushed them up a bit with a rolling pin) and some seasonings. So, now we have fish once a week - yay! There is a learning curve with this product, but it is well worth the effort!

This is a great source for someone in a larger city than ours with the ingredients available to them. Wal-Mart is where I purchased the Air Fryer, but I can't get things there!

Great. Easy cleanup
