# Life With Extra Cheese: Being The Ham In The Sandwich Generation

## **Synopsis**

The Sandwich Generation. With our life expectancy becoming longer, more people are finding themselves smack dab in the middle of raising their children and parenting their parents. Heather Davis is no different. With her mom's debilitating stroke one early March morning, Heather and her sister found themselves navigating the new road as caregivers. In Davis's signature silliness, she chronicles her mother's recovery and the merging of her past family and her present family under one roof. Her stories will not only have you holding your sides with laughter, but inviting your own parents to live with you. Or maybe not.

## **Customer Reviews**

Heather Davis has done it again with her new book, Life With Extra Cheese. She always has me laughing out loud and at times, snort laughing, while reading about her new life in the sandwich generation. There is something to be said about a person who can not only roll with what life throws at her, but see the humor in it all. I've really grown to love this family through reading all of Heather

Davis' books and I believe you will too.

I loved Heather's light-hearted treatment of the difficult place of a sandwich generation person. Laughter IS the best medicine for a difficult situation.

Having been a fan of Heather Davis' previous books, I looked forward the release of this book with much anticipation. Ms. Davis certainly delivers funny and endearing anecdotes about raising children and taking care of aging parents at the same time. The tone of this book was definitely different than her other works, not less funny (snort worthy) but with more serious material that Davis relays with her signature humor, wit and sarcasm. I recommend Life With Extra Cheese. Easy, fun, read.

What a great family, they all seem to stick together in a crisis. They are ornery to each other, but in a fun family that's to be expected.. helping Grandma recover from a stroke in the most loving, honest, believable way possible. These people will take on anything for each other and make it work. I enjoyed them all and need to buy another book to keep reading about them.

HAVING BEEN SANDWICCHED MYSELF MANY YEARS AGO, I KNOW THAT DAVIS HIT THE NAIL ON THE HEAD. IT IS A LOT OF WORK BUT I KNOW FROM EXPERIENCE THAT IT IS SOMETHING SHE WILL ALWAYS BE GLAD SHE DID. I KNOW I AM AND WHILE IT IS TRULY A LOT OF WORK, IT IS ALSO A REAL BLESSING TO HAVE THAT TIME WITH YOUR PARENTS.

Heather Davis never disappoints. She is laugh out loud funny and always one of my favorite authors to read.

Hilarious! Loved it and would recommend for an easy, enjoyable read

Funny book, wish it had more pages
