Graveyard Druid: A New Adult Urban Fantasy Novel (The Colin McCool Paranormal Suspense Series Book 2)

Synopsis

When the local vampire coven hires him to stop an undead outbreak at the city graveyard, it sounds like money in the bank to everyone—his favorite down on his luck druid, Colin McCool. But when you're cursed by an ancient fae sorceress with a score to settle, nothing is ever as it seems.

GRAVEYARD DRUID New Adult Urban Fantasy Novel From M.D. Massey

Colin McCool here, otherwise known as the Junkyard Druid. Not my favorite title, but since it's my only title I guess I'm stuck with it. But hey, things are looking up. Sure, a powerful and sentient magical artifact may have taken up residence inside my skull, and I'm still burdened with a nasty curse cast by an ancient sorceress of the Tuatha Dé

Danann...but I'm trying really hard to look on the bright side of things. Seeing as how I've been dragged back into the world of the fae, I figure I may as well be of use. And if I can make a little scratch while using my druidic talents for good and not evil, so much the better. Which is why I took this job working for Austin's vampire coven, cleaning up a ghoul infestation at the city cemetery. It's not their work and they don't want the heat, so they hired me to take care of it before it gets out of hand. Easiest. Job. Ever. I'll just whack a few ghouls, hide the bodies, and collect my fee. I mean, seriously—what could possibly go wrong?

Customer Reviews

I like this story arc. It's got a bit of the 'spiderman' vibe of a guy who keeps getting better and better, more and more powerful. It has some crossover with his Massey's Them series, just in terminology and types of critters to encounter. Looking forward to the next one.

I really enjoyed book two. Great action, and back story is really rolling. I can't wait for book three to arrive.

I wasn't sure about this series at first, but as I read, the character development really drew me in. By the end of book one I was hooked. Now, at the end of book two, I can't wait for more. I really enjoy getting to know Colin. It's a different type of story. Keep it up M.D.

Great fights, drama, and comedy all rolled into a book. Interesting to see a druid fight a necromancer, waiting to see where the dark druid will pop up again. Hoping for more back story on Bells and friends. Can't wait to read the next book

Enjoyed this second book even more than the first and I liked it, too. The Hyde creature is different as is the Eye. The series could use a dictionary for all the old creatures and fae. I look forward to the next book. I think I will try the other series also. Good job M.D.M.

Absolutely loved this book, the main character has so much personality! You will not be disappointed

I like the characters and world so far. The plotting and action have been good and fast paced. The deep back story is still slowly being revealed, but looks promising.

A great series that has a hero with flaws and bad guys to hate. Well written with good character development and maintains ones interest throughout, so far. I highly recommend the series if you

are a fan of urban fantasy.
