Customer Reviews

BARBARA KRAMER began writing biographies for children and young adults after following the advice of another author who said, "Write what you like to read." She remembered how much she enjoyed biographies when she was a kid, especially stories about trailblazers such as Davy Crockett, Daniel Boone, and Elizabeth Blackwell. She decided that's what she wanted to write. Her subjects have included both historical figures and people in the news. She and her husband live in Iowa with their two cats. They also have two grown children.

Lots of good info. Like how some terms are defined for the kids.

Perfect to read to my students. The photos were wonderful. Easy and interesting text.

Covers life of Pope Francis in easy to understand manner.

This is a great book about Pope Francis. I bought it for my four year old granddaughter and her mother has to read it over and over. I highly recommend this for little ones and early readers to learn about the present Pope!
