Everyone in the small town remembers the unsolved murder of Steven Ritter, but after 27 years, no one thought that someone would look into it. They don't know Jack.

Jacks are Wild Handsome, white-knight, Police Officer Jack Stratton is back in this action-packed, thrilling adventure. When his sexy, old flame disappears, no one thinks it's suspicious except Jack and one unbalanced witness. Jack knows that Marisa has a past and if it ever caught up with her it would be deadly. As the body count rises, the stakes in this game are life and death with no rules except one. Jacks are Wild.

Customer Reviews

I downloaded the first book free and after reading it, I was hooked. I immediately purchased the series and completed in a few days and I am now hanging on by a thread for the next book. The books are great and well written. The books have some humor, personal struggles and the murder mystery with a fight for justice. To top it off there is a smidgen of romance kept in the wings to keep you hoping Jack and Replacement (Alice) take that last step. I read a book every few days and I can tell you Christopher Greyson is now one of my favorite authors.

Like many readers, in the past, I tended to concentrate on the very well known authors such as Anderson, Baldacci , Clancy, Grisham, etc. I still like their books but the Kindle books opened up a whole new captivating and interesting reading adventure with newer, to me, authors and characters!!The jack Stratton series exemplifies the type of stories I like best. It has action, intrigue, suspense, book continuity and personal relationships which are captivating. Of some of these series mentioned below which also fit this style, IT IS THE ONE WHICH LEFT ME FEELING REALLY SAD THAT THE NEXT BOOK IN THE SERIES WASN'T AVAILABLE!!!Rose Gardner mysteries, Savannah Martin mysteries, Kate McCall mysteries, Justice SeekersLacy Steele mysteries

I have read all the Jack Stratton series and have the new one ordered waiting patiently for its release. The characters are well established. There is a bit of everything; mystery, suspense, romance, complicated relationships and of course crime. This is one you do not want to miss. Enjoy.

After 2 pages I knew I just wasn't in the right frame of mind to read this series. I fought my way through a couple of chapters of the 1st book before I threw in the towel. I really wanted to like these books! Maybe I'll revisit them in the future. But for now, meh.

What a great series !! I started with "and then she was gone" and was hooked. I got this 4 book series...still hooked :) just got Data Jack which I think is the latest book. I sure hope Mr Greyson is working on more Jack Stratton books. They have me on the edge of my seat in each book.

Always amazing story lines and fantastic characters! These books are so very hard to put down! It's a good thing I have a job otherwise I'd never leave my favorite seat in the house to read in! Thank you for another great book! I love replacement! At first I didn't like the nickname but with background, and her personality, it really fits! Jack's background is much like my own so it really hits home for me! Thank you and please keep em coming!

I NEVER write a review but I had to say this series was one of the best has every offered. I loved the characters, the story kept you involved and you kept cheering for the romance to blossom. This is one person's opinion, but I loved that there was no explicit sex or swearing every other word from the characters. Each book is it's own great story.

First time reading from this author. Just can't explain how I got so attached to the characters. So

good, I was spending half the night reading! Don't hesitate, you will not be disappointed. On to the next one...
