Customer Reviews

I thought this was a book, but it is a kit with a small book inside. The kit contains really everything you need to get started. It is great like beginners like myself. The kit contains- a booklet with step-by-step instructions on the 12 projects- 6 inch hoop- 2 needles (1 embroidery and 1 milner)- 10 skeins of 6ply embroidery floss- 3 sheets of iron on transfers- sample fabrics it's a really well put together kit and the projects are cute. Can't wait to try it out. If you have hand embroidered before, it will not be a useful bc you will likely have most of the supplies and know or have experience with most of the stitches in the book.
