The Last Boyfriend (Inn BoonsBoro Trilogy)

Synopsis

Owen is the organizer of the Montgomery clan, running the family's construction business with an iron fist and an even less flexible spreadsheet. And though his brothers give him grief for his compulsive list making, the Inn BoonsBoro is about to open right on schedule. The only thing Owen didn't plan for was Avery MacTavish. Avery's popular pizza place is right across the street from the inn, giving her a firsthand look at its amazing renovation and a newfound appreciation for Owen. Since he was her first boyfriend when they were kids, Owen has never been far from Avery's thoughts. But the attraction she's feeling for him now is far from innocent. As Avery and Owen cautiously take their relationship to another level, the opening of the inn gives the whole town of Boonsboro a reason to celebrate. But Owen's hard work has only begun. Getting Avery to let down her guard is going to take longer than he expected and so will getting her to realize that her first boyfriend is going to be her last. "No one writes relationships as well as Ms. Roberts, with the subtleties and quirkiness of the give-and-take of friendship and romance." • Fresh Fiction

Customer Reviews

Praise for Nora Roberts and "The Last Boyfriend" "Roberts writes a great story with likeable characters so warm and real--nobody does it better."--"New York Journal of Books" "No one writes relationships as well as Ms. Roberts, with the subtleties and quirkiness of the give-and-take of

friendship and romance."--"Fresh Fiction" "Roberts opens her heart and invites the die-hard romantics to stick around and snuggle with this poignant tale about trust, commitment, and optimism."--"USA Today" --This text refers to an out of print or unavailable edition of this title.

Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling futuristic suspense series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

Nora Roberts' is one of my favorite go to authors. Traditionally, her novels offer me comfort and that sense of the familiar that I have grown to know and appreciate. They have romance, intrigue and suspense while giving us a story that we can, most times, relate to. "The Last Boyfriend" is the second story in the Boonsboro Trilogy. I have to admit, any opportunity to visit this small town in Maryland....catch up on the rehab of the Inn; watching the growing Beckett family (the widower Clare and the sweet, patient Beckett, the oldest Montgomery); determine what the resident ghost (Lizzie) is trying to tell them, as well as see the growing attraction between Hope and Ryder....is a pleasure. This story centers around the growing relationship between Owen Montgomery and Avery McTavish. Owen is the sensible and extremely organized Montgomery brother. Avery, is the young strong willed, independent family friend who runs the local pizzeria. With a lifetime of memories and forgotten promises, the two find themselves fighting their growing attraction. As Avery sets her sight on making her first boyfriend her last, she must also deal with the residual effects of her mother leaving and learning to trust her heart. Owen will have to use all of the skills at his disposal to show Avery why they were meant for each other, as well as show her why the toy ring that he gave Avery years ago should be replaced with one that will mean forever. What I will say about this installment is that I was reminded of some of the issues I had with the Sign of Seven Trilogy series. The first book in the series is fabulous, but the second is so full of explanations that it wasn't as good as it could have been. There were still a few loose ends that I would have liked resolved before they get into the story behind Ryder and Hope (the next book). I would have liked or was just hoping for some more resolution in this book, although they may address those questions that I have in the final book...like WHEN is Avery's mother going to reappear? When will the easy partnership between Willy B and Justine grow into more? What is the ghost trying to tell us? Either way, I am patiently awaiting the release of the last book in the trilogy. Hopefully I will have some of my questions answered and a sense of closure at the conclusion of the series.

Listened to this as an abridged audiobook and Macleod Andrews NAILED it! He gets 10 stars for an award winning performance on all the Inn Boonesboro Trilogy books. This story did not disappoint and having finished the second book in the Inn Boonesboro Trilogy, I have decided this trilogy now ties with my favorite Nora series, The Bride Quartet.

Love this trilogy, keeps me wanting more. Love the story, the first book was great and this is even better yet. Brothers falling in love with three best friends. The description of the Inn and Lizzie is so awesome. Looking forward to the next one. I would recommend this trilogy only if you have all three books, because you will want to keep wanting more.

If you have never read Nora's books you really need to. Love the stories she creates so much I find myself reading the book and then renting the audio version and listening to it again. She is one of the best authors and always keeps you riveted to find out what will happen next.

Nora does it again! The continuing series does not disappoint. Their stories intertwine and take some turns and take you to dark places but bring you back full circle. These characters are so true to life and easily relatable as your own friends and family. In the climate our nation is in today, and indeed the world, Nora's world is always a place you can go to to put life's troubles behind you and go to a happy place. Can't wait to start the next book to see what path the characters take us down this time. Don't stop there Nora. I need another book in this series after I finish The Perfect Hope.

I absolutely loved this book! I really like when an old romance is rekindled and Owen and Avery were really sweet. I loved Avery's character especially the way she was always dying her hair all different colors. This is probably my favorite book of the whole series. Nora Roberts does a really god job writing characters that everyone can relate to and creating unique but fantastic stories. I loved the idea of a haunted hotel because you get a little bit of history mixed in with some fantasy also. I just loved everything about this book.

Different from the first book in the series, this book didn't have as much construction and renovation talk, which should've given it a higher rating. But unfortunately I didn't like Owen and Avery's story as much as Beckett and Clare's. It was a lovely story and the history they had from when they were kids added to it, but I couldn't help getting bored with them at some point and finding more interesting Lizzy's story. And the main plot should be more interesting than the small sub plot right?

Still, I liked how everything turned out for them. It was cute, adorable and closed the book nicely. If you read the first book in the series, you can't miss this one. Even though I missed more Montgomery brothers' interactions, 'The Last Boyfriend' was a good continuation. Apart from Owen and Avery's love story, there were happy moments happening for Beckett and Clare and more information on Lizzy and Hope. I'm so looking forward to reading the last book to know how the ghost's story closes and see Hope and Ryder finally falling in love.

Too many sex descriptions that took away the story.... I quit reading after skipping over many pages trying to get back to the story. Finally put the book down and started a different novel. I was looking for a story behind the ghost in the hotel being refurbished but became so bored with sexy love scenes that I quit and have not picked up the book again! Sorry I bought it and if I could I would return it for a refund.
